NOTICE TO BE SENT TO AQUA CUSTOMERS

NOTICE OF PROPOSED ACQUISITION AND RATE BASE ADDITION
Docket No. A-2021-3026132

Dear Customer:

On [DATE], the Pennsylvania Public Utility Commission (PUC) conditionally accepted for filing the application of Aqua Pennsylvania Wastewater, Inc. (Aqua) for approval to acquire the East Whiteland Township (East Whiteland) wastewater system assets. East Whiteland serves approximately 3,900 customers in Chester County, Pennsylvania. Aqua's application also requests that the PUC authorize an addition of up to \$54.93 million to Aqua's rate base pursuant to 66 Pa. C.S. § 1329. A utility's rate base is the value of property used by the utility to provide service to its customers and is one of several components used to establish a utility's customer rates.

Aqua periodically makes applications to the PUC for newly acquired systems which requires Aqua to send these types of notices. This notice is specific to the East Whiteland acquisition and you may receive additional notices regarding other acquisitions in the future.

This acquisition will not immediately, but may in the future, affect water and/or wastewater bills of Aqua customers, including the new East Whiteland Township wastewater customers. Aqua is not requesting a rate increase as part of the acquisition. Your rates will not change as a result of this transaction until the conclusion of an Aqua rate case where Aqua includes the East Whiteland system and requests and receives PUC approval to increase its rates. At that time, based on a preliminary analysis of the potential rate impacts, Aqua estimates that the rates of the average customer could increase. The amount of the increase will be determined in Aqua's next base rate case and will be dependent on how the PUC chooses to apportion the increase among Aqua's acquired and existing customers. The tables below present non-binding, estimated incremental rate effects of the proposed rate base addition on Aqua's existing water and wastewater customers:

Aqua Wastewater Customers

Rate Class	Average Usage	Estimated Monthly Increase	Estimated Percentage Increase
Residential	3,020 gal/month	\$4.62	4.67%
Commercial	21,940 gal/month	\$14.53	4.67%
Industrial	3,200 gal/month	\$3.74	4.67%

Aqua Water Customers

Rate Class	Average Usage	Estimated Monthly Increase	Estimated Percentage Increase
Residential	4,080 gal/month	\$0.33	0.41%
Commercial	37,050 gal/month	\$2.06	0.41%
Industrial	211,510 gal/month	\$9.72	0.41%

The amounts stated above could change and will depend on how the PUC chooses to apportion any increase among the types of service, rate zones, and classes of customers.

PUC ROLE

The state agency which approves acquisitions and rates for regulated public utilities is the PUC. The PUC will review and investigate the proposed acquisition and requested \$54.93 million in additional rate base. After examining the evidence, the PUC may approve, modify or deny the acquisition and may approve or modify the \$54.93 million addition to rate base. The PUC will issue a decision on the application on or around [DATE].
